Stellar Cyber 6.6.0s is now live! Discover all the updates in the release notes!

Managing Licenses

Stellar Cyber can be licensed using either a volume-based or asset-based license. This set of topics introduces licensing in general, describes how the two types of licenses are calculated in detail, and provides information on how Stellar Cyber enforces license compliance.

- **Managing Licenses**
- **Understanding Asset-Based Licensing**
- **Understanding Volume-Based Licensing**
- **Understanding License Compliance**
