Stellar Cyber 6.6.0s is now live! Discover all the updates in the release notes!

Reporting Menu Overview

The **Reporting** menu includes a collection of pre-defined dashboards, tools to create and customize your own dashboards, and a means to manage your custom dashboards. Use the following topics to understand how to leverage these powerful features:

- **Create & Schedule Reports**
- **Managing Scheduled Reports**
- **Working with Dashboards**
  - Dashboards Hub
  - Dashboards Hub (EAP)
  - Dashboard Builder (EAP)
  - Predefined Dashboards
  - Working with Dashboards
  - Dashboard Actions
  - Custom Dashboard Components
  - Examples
  - Using Chart Builder
