Stellar Cyber 6.6.0s is now live! Discover all the updates in the release notes!

Rules Contributing to Azure Application Gateway Changed Alert

The following rules are used to identify events when an Azure application's gateway is changed. Any one or more of these will trigger the Azure Application Gateway Changed Alert. Details for each rule can be viewed by clicking the **More Details** link in the description.

Title	Description
Azure Application Gateway Modified or Deleted	Identifies when a application gateway is modified or deleted. More details
