	Suppression Logic Based On
	• azure_ad.initiatedBy.user.id
	• azure_ad.initiatedBy.app.servicePrincipalId
	• stellar.rule_id

Title	Description

Additional Information

Maturity	Creation Date	Risk Level	False Positives
experimental	2021/09/06	medium	• Federation Settings being modified or deleted may be performed by a system administrator. • Verify whether the user identity, user agent, and/or hostname should be making changes in your environment. • Federation Settings modified from unfamiliar users should be investigated. If known behavior is causing false positives, it can be exempted from the rule.
