Stellar Cyber 6.6.0s is now live! Discover all the updates in the release notes!

Rules Contributing to OCI Unexpected User Agent Alert 6.0.0

This topic covers a feature that is not available for all customers yet. See Early Access Program Features and Topics Under Development.

The following rules are used to identify unexpected user agents in OCI. Any one or more of these will trigger the OCI Unexpected User Agent Alert. Details for each rule can be viewed by clicking the **More Details** link in the description.

Title	Description
