Stellar Cyber 6.6.0s is now live! Discover all the updates in the release notes!

Rules Contributing to Suspicious OCI Instance Activity Alert 6.0.0

This topic covers a feature that is not available for all customers yet. See Early Access Program Features and Topics Under Development.

The following rules are used to identify suspicious instance activity in OCI. Any one or more of these will trigger the Suspicious OCI Instance Activity Alert. Details for each rule can be viewed by clicking the **More Details** link in the description.
