Stellar Cyber 6.6.0s is now live! Discover all the updates in the release notes!

System (Management) Overview

The System menu provides access to all the administrative tools you may need to perform.

There is a Search box and five sections of menu items: ORGANIZATION MANAGEMENT, DATA SOURCE MANAGEMENT, INTEGRATIONS, HYPERAUTOMATION, and DATA MANAGEMENT.

In addition, there are a few menu items at the bottom of the System menu: System Action Center, Recipients, Saved Objects, and Kibana Plugin.

To see the expanded sub-menus, go to the "System Menu" section in the Overview of New User Interface.
